NEWSLETTER OCTOBER 2024

AROUND THE WORLD

In the first October week, our kindergarten classes travelled “around the world”. We explored different countries and cultures, traditions, foods and landmarks through hands-on activities, storytelling, and crafts. We even welcomed some parents to be talking about their home countries.

We travelled over the world even with our special musical guests who introduced us the sounds and rhythms of various regions and countries.

EARTH SECRETS

Hold onto your explorer hats! Our little kindergarteners had a roaring good time at the Slovak National Museum, diving into the topic of Earth's secrets! We stomped through the dinosaur exhibit, imagining what it was like to walk among these giants. Further, we dug into the world of fossils, and even discovered how the Earth “works” behind the scenes! What a great prehistoric fun!

AUTUMN COLOURS

Who does not love autumn and the sight of leaves falling? We certainly do! That's why our trip to Koliba forest was greatly appreciated by all of us. Each of us had different tasks - from collecting leaves and sticks through creating collages to observing the diversity that nature offers. Some of us even enjoyed jumping in the piles of leaves! This is definitely a trip to remember - thank you, dear Autumn!

AUTUMN FEASTS

In October, of course, what a spook-tacular time we had together at our Halloween party. It was packed with treats, costumes and some triiiiicky checkpoints, that kept everyone on their toes.

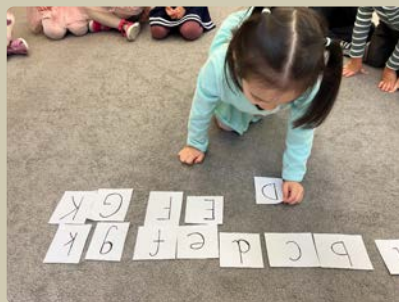

Just like the pumpkin carving event where parents and kids teamed up and between the flying pumpkin seeds and gooey hands, we all agreed – it was the most frightfully fun event yet! Thank you for coming!
